The National Railway Historical Society was founded in 1935 and incorporated as a non-profit, educational organization. The Society has two primary purposes: to support and provide education on the history of railroad transportation; and to preserve historical material and information pertaining to railroad transportation. Toward these ends, the Society conducts a variety of programs at both the National and local Chapter levels.

The Society has more than 16,000 members and over 170 Chapters. The Society publishes a bimonthly journal, *The National Railway Bulletin*, containing articles of historical, educational, and topical subjects of railroad interest. A subscription to this journal is included with all memberships.

Membership is open to all persons who are interested in railroads and their history.

The major classes of membership are:

#### **Regular Membership**

Members of this class are affiliated with a local Chapter of the National Railway Historical Society. This is in addition to automatic affiliation with the National Organization.

#### **Student Membership**

A student membership is a discounted membership offered to individuals who are under 18 years of age (as of January 1st). The purpose of the student membership class is to introduce the NRHS to young people who have an interest in one or more aspects of railroading.

#### **Associate Membership**

Associate members are those individuals that already belong to another NRHS local chapter (and thus they are members of the National organization). However these individual also want to be affiliated with another local chapter.

#### **Family Membership**

An optional Family Membership is available for family members, of either a Regular, Student or Associate member (who resides in the same household).

The Regular, Student & Associate Memberships include a subscription to the Atlanta Chapter's monthly publication, **The Hotbox**.
